**General Comments**

ABF is working in the field this Saturday on various operations. I am not working in the field or office this Saturday, since I am volunteering at the Family Day partnering event today at Pier 7.

ITEM 64, INSTALL STRUCTURAL STEEL (BRIDGE) (PIPE BEAM) (HINGE AW & AE);  
HINGE A HPB'S INSTALL - PULL FROM SKYWAY INTO SAS:

At the end of the day yesterday, it was unclear if ABF would work at Hinge A or not. I checked the location between 0730 and 0800 and determined that there was no work today by ABF ironworkers on the Hinge A HPB's. Others checked later in the day and also determined that there was no work today by ABF ironworkers on the Hinge A HPB's. ABF may be not working at this location today because of the Family Day partnering event today, which includes tours to the deck area of SAS and Skyway on either side of Hinge A on the W-Line.
